A Fragrant Breath and Pearly Teeth

Are easily obtained by cleansing your teeth daily with that justly popular dentifrice, SOZODONT. Composed of rare antiseptic herbs, it imparts whiteness to the teeth, a delicious aroma to the breath, and preserves intact, from youth to old age, the teeth. Acidity of the stomach will destroy the strongest teeth unless its effects are counteracted with SOZODONT, and this pure tooth-wash protects the dental surfaces by removing every impurity that adheres to them. Ask your druggist for SOZODONT.

SHAMELESS ELECTORAL FRAUDS IN THE SOUTH.

Electoral frauds are what make the South solid. One great issue which the Republicans maintain is the necessity of protecting citizens in the exercise of their rights at the polls. There can be no reform of the abuses in the South, under a Democratic Administration. That gigantic frauds and wholesale intimidation of voters practised in the South, is best proven by the testimony of Southern journals. This is what the Mobile *Gazette* says:

"For six years the Democratic party has been in undisputed control in this State. There does not to-day exist a single Republican office-holder under the State government. The press is almost entirely in the interest and control of that party, and all the powerful influences of social surroundings and party patronage and discipline have made it perfect as a machine autocracy. And yet, with all that, here is the public charge, from the Tennessee river to the Gulf, that fraud—shameless, unbridled fraud—has been made use of to count political wire-workers and party favorites into offices they were not elected to, by thousands of votes, and to make it appear how faithfully Alabama keeps Wade Hampton's pledge in Cincinnati that the vote of the solid South is assured for the nominees of the Democratic party....

"We shall live to see the day when the solid South will be regarded as the greatest political mistake of the age. A South made solid by fraud, perpetrated under the very sanction of the vilest election laws that ever cursed a community, can not long exist as a menace to the whole country, and should not be permitted to exist, for the safety and happiness of the free people of America. In its present aspect it means antagonism to a healthy national feeling, political decrepitude, industrial death."

EX-SECRETARY FISH UPON GENERAL GARFIELD.

There has been no tribute to General Garfield more hearty and complete than that of ex-Secretary Fish. In his speech at the meeting at the Academy of Music in New York, Mr. Fish said:

"Of General Garfield I can speak with the confidence which an intimate acquaintance of very many years, and close official relations during eight years of that time have given me. No purer, no nobler man ever left the council-chamber of the nation. In private life an affectionate son, a kind father, a careful parent, good neighbor, and honest citizen; in public life able, far-seeing, truthful. None doubt his ability, none doubt his integrity, although the necessities of parties and of politics have led to the circulation of several petty slanders against him. No better or purer man ever lived."

HOW IT IS BEING DONE.

It is said that Washoe county is to be one of the main battle grounds of the campaign. The Democracy propose to make a very strong effort to carry it. There are signs of the method by which the desired effect is to be produced already showing themselves. Old line Democrats in Wadsworth have lots of money, which is being spent freely. Whiskey and cigars are being indulged in with very little restraint.

We do not advise Republican candidates to fight their battle in the same way, but we advise them to attend to their canvass, and show all voters why they should prefer the Republican to the Democratic party. "Things is workin," and the best management will be necessary on the part of the Republicans to carry the State.

EDITORIAL NOTES.

George Hamilton, the engineer who was recently murdered by his wife in Sacramento, had many friends in Truckee, who only blame him, the *Republican* says, for not letting his wife go to San Quentin for shooting the Winklepleck girl. It appears that Hamilton ran in debt for the legal expenses incurred in his wife's trial for her first crime. He was working to pay off his debts, and then intended to go somewhere where his wife could not find him, as he believed his life in danger from her.

We regret that space does not allow the publication of the excellent speech made by Col. Taylor last evening. It gives place to Senator Sharon's, not out of any deference to the Sack, but because the Senator's speech is the more important from a newsgather's standpoint.

The total number of voters registered in Lassen county last year was 1,092. This year it is 1,165.

Thirty thousand tons of newspapers and periodicals were sent through the mails during the last fiscal year.

The Club ticket was elected at the Carson primaries yesterday.

—A lost memorandum book is advertised.

—The awards of premiums are not yet ready for publication.

—Mountain Girl is advertised for sale cheap in the 50-cent column.

—The Arcade restaurant is under full sail gain, with D. McFarland at the helm.

—The Farmers' store has closed. The goods have been sold off to dealers in town.

—A crazy woman from Storey and a madman from Eureka went west last night. Both were noisy and violent.

—Mr. Snodgrass, of Long valley, alighted on his head from a runaway team to-day. He was stunned but soon recovered.

—Immense flocks of blackbirds have collected in the suburbs. They are shy, and take wing when approached, as though they feared the sack.

—It was reported on good authority last evening, after the political meeting, that Senator Sharon and Thomas Wren were closeted together at the Depot Hotel.

—The story that Senator Sharon, before he went away this morning, gave one of his followers the sack, was a mistake. What he did give was a good sack coat from the White House.

—The Democrats are determined to elect the only Assemblyman from Churchill. Fair has sent twenty-five men to work at the Bonanza Salt Works and vote. They arrived just in time to acquire the necessary thirty days' residence.

A Modern Moses!

Senator Sharon Preaches Against the Golden Calf,

Which Fair Has Set Up on the Comstock.

In response to a call, a large audience gathered in the theatre last evening, to listen to the speakers whose names had been announced. Senator Sharon, and Mayor Stevens of Virginia duly appeared. Judge Whitman was reported sick, and Col. R. H. Taylor came in his place. The meeting was called to order by President Shoemaker, of the Garfield and Arthur club, who took the chair and presided. Col. Taylor was the first speaker introduced. He made a speech of force and ability, full of facts and argument; clear, logical and persuasive. He said he was called to speak in the interests of the Republican party, and he made not the slightest reference to the contest for the U. S. Senatorship for Nevada. The Colonel was loudly applauded. He was followed by Mayor Stevens of Virginia, a smart young man, who opened the ball for Sharon, confining himself almost entirely to reflections upon Fair, and to praise of Sharon. Mr. Stevens, however, stated that Sharon was not his first choice, but the withdrawal of the man who was his first choice, made him advocate the election of Sharon. Mr. Stevens spoke briefly and soon made way for the Senator.

SPEECH OF SENATOR SHARON.

Senator Sharon was dressed in a suit of glossy-black sack-cloth, wore a draggled moustache, a light head covering of hair, and a campaign smile. In speaking he walked up and down the platform, frequently emphasizing his remarks by rapping on the table, sometimes gesticulating wildly and occasionally allowing his hands to stray into his trousers pockets. He spoke with considerable vehemence and force at times, in a disconnected and jerky style, with a rapid and indistinct delivery, mixing many metaphors in his mental mortar.

He said: Mr. Chairman and Citizens of Washoe County:—I am happy to meet you here to-night. My coming was more accidental than intended. I have been regarded as a mythical personage, as a Sacramento editor once told me, and I will leave my appearance among you to account for my actual existence. I am not here in my own interest, but in behalf of the great Republican party, with which I have always been identified. I took the first U. S. bonds issued when the war broke out. My standard has ever been the Union. My mission has been to make happy homes in the land. I come to ask you to stand by yourselves and this glorious county. We are taxing the rich that these children may be free. 'Who would be free themselves must strike the blow.' It has been said that I was absent from the Senate when my duty required me to be there. I can say that no important question was passed upon in the Senate but that I was present. I am not packing money to foreign countries, and am not seeking the luxury of Nob Hill, but am building railroads in this State for the convenience and comfort and prosperity of its citizens. Now, I ask you, has Fair the intellectual qualifications for the office of Senator? What is the meaning of all this talk about his sack? Does he intend to buy his way into such a position, and are you to be the bearers of this dishonor, and fall down and worship the golden calf? Gentlemen, the ballot box guards your little homes. He who would break it is only fit for 'treasons, stratagems and spoils.'

The Senator proceeded to give an outline sketch of the conduct of the two great parties since 1860, and spoke with great warmth and enthusiasm of the glorious record of the Republican party, contrasting it with the evil history of the Democracy during the same period.

He continued: Who stood in arms where danger was in its darkest hour? The Republicans. Where did Rebellion look for aid? In the party that aided it. Now that party turns and asks you to trust them. Are you going to submit to these kind of things? The blood of the Nation's slain is hardly yet licked up by the dust on the battle fields, and yet these men who caused that blood to be shed come and ask you to stand by them. Stand by them, if you will, and your mother will forget you. The great deeds of the Republican party have emblazoned its name on every land. The Democratic party asked England for aid during the war. It was when they said they were going to build a Republic with a corner stone of slavery! They prostituted religion, and said that this hell-bound institution, as we call it, had its origin in heaven. And yet, three-quarters of the white race held within its veins white blood, prostituted and mixed by that party. It was then the name of American citizen, when it was stamped upon his brow, gave him the privilege of free speech. (The Senator here probably had the African in his mind.—Rep.)

After a hasty glance at the political and industrial condition of Europe, the Senator discussed State rights as follows: Coming right down to a logical idea, State rights means simply the right of a minority to nullify the acts of a majority—of one State to draw out from and destroy the Union. Did not South Carolina say it had a right to draw out. Have you ever heard these people who talk so much about State rights say anything about State duties. You remember how the term 'Continental damn' originated, If you get back the Democratic party the good currency of the present day may depreciate until it is not worth a 'Continental damn.'

The speaker then passed to the consideration of the 'fraud issue,' which the Democrats had striven to raise out of the proceedings of the Electoral Commission. He said the Democratic party were willing to divide the country, and compared the case to the story of the two women who came before Solomon disputing the maternity of an infant. "Solomon," he said, "*took out a knife* and offered to divide the baby between them". The speaker compared the Democratic party to the false mother who was willing to take half of the baby, and the Republicans to the true mother who could not bear to see it divided. "The most distinguished members of the Senate were present when that question of the Electoral Commission came up. I was present. The leading Democrats approved of the measure. Now the party talks about the fraudulent President! If the Democrats had had any means to escape from the result of that decision, they would have done it."

The Senator went on to say: "I want to call your attention to this thing of residence. Mere residence cannot be the pivot, the centre point in a question of candidates. You have scores of men permanently residing in the State prison. That doesn't make them eligible for office. It is not residence but principle that overshadows the broad land."

The Senator eulogized the work of the Republican party in paying off 800 millions of the National debt, adding that it had never struck a blow at human happiness, property or liberty. On the subject of corporations, he said that labor is as necessary to capital as capital is to labor. Labor has more power than capital, because labor represents far more individuals. He hoped that the people would not abuse this power. Justice is the only real thing worth striving for. The Senator spoke in bitter terms of Col. Fair and his sack, saying:

I might allude at length to this Fair and his sack, but I believe that you will not be influenced by it, although I fear that some of you may be seduced. Though I might leave this State solitary and alone, I would go out of it prouder than ever if you should bow down to Mammon. Your votes are more dear to you than all the filthy lucre in the world. Remember that ye shall not worship two masters. Ye cannot serve God and Mammon. We will never be unhappy unless we bow down to these false idols. Be not deceived by these false slaves. I know your manly brows and your generous hearts. I have made men independent. I didn't desolate the land. I hear of but one unhappy place, where the golden calf is worshipped. Virginia City is in sackcloth. Despair and poverty sets upon yon hill, while three men live in palaces and spend their money elsewhere. I never contested the bullion tax that they so much fought. I knew it went to pay the common schools. They might not have found that big bonanza if I hadn't backed them up in their hour of need, and built a railroad. Is it cold lucre that you'll offer at the throne of Mercy? Be not deceived by these men, and do not listen to their unholy proposals. Repel with scorn the men who shall dare attempt to bribe you.

The Senator's speech was listened to with close attention and without interruption. No questions were asked. The applause was frequent, and, at the close, especially hearty and prolonged. He spoke for forty-five minutes, making one of the longest speeches he ever delivered.

An Enterprising Merchant Closing Out His Stock in Trade.

The GAZETTE regrets to learn that Mr. Myerstein, of the Great Eastern I X L, is about to close out his dry goods business. The concern has been a liberal patron of the newspapers, and had its prices been on a scale to allow of something like profit Mr. Meyerstein would not have become so dissatisfied with the dry goods business. It is well enough to sell goods cheap, but there is such a thing as selling goods too low. The I X L secured and retains to this day an immense town and country trade, owing to its low prices, but when the prices of goods are fixed so low that it scarcely pays to handle them, the more business a man does the worse off he is. Mr. Meyerstein perhaps understands his own business better than anyone else, but it is probable that he has learned a lesson that will do him good in his next venture. As it is, he appears completely disgusted with dry goods, and is clearing out his stock at prices that will soon relieve him of that sort of merchandise. Mr. Meyerstein has abundant means, and he proposes to remain in Reno and use them to the best advantage, as opportunity may direct.

The Deserted Race Track.

A banquet hall deserted, with the lights out, the bottles empty and the grub all gone, may be a dreary and cheerless place, but the race track after a Fair is just about as gruesome. The grand stand is empty and desolate, the judges' stand is deserted and has a terribly dry look. The bar is closed and the cigar stand shut up. No voice is heard selling pools, or yelling: "Bring up your horses," "Hard Scrabble takes the first heat," etc. The track seems to run a devilish long way around to make a mile. No sounds come from the stables. Everywhere is emptiness, desertion and stillness. The very wire across the track, which lately vibrated to the hoof-beats of Clara D and Connor, seems to partake of the general oppression, and to droop in a dispirited and lifeless fashion.

REPUBLICAN NATIONAL PLATFORM.

lowing is the text of the resolutions adopted by the Republican National Convention on Saturday, June 5, 1880:

Republican rule has restored upon a solid basis payment in coin for all the national obligations, and has given us a currency absolutely good and legal, and equal in every part of our extended country. It has lifted the credit of the nation from the point where six per cent bonds sold at 86, to that where four per cent bonds are eagerly bought at a premium. Under its administration railways have increased from 21,000 miles in 1860 to more than 82,000 miles in 1879. Our foreign trade has increased from $700,000,000 to $1,150,000,000 in the same time, and our exports, which were $20,000,000 less than our imports in 1860, were $264,000,000 more than our imports in 1870. Without resorting to loans it has, since the war closed, defrayed the ordinary expenses of government, besides the accruing interest on the public debt, and disbursed annually more than $30,000,000 for soldiers' pensions. It has paid $880,000,000 of the public debt, and by refunding the balance at lower rates, has reduced the annual interest charge from nearly $151,000,000 to less than $89,000,000. All the industries of the country have revived; labor is in demand; wages have increased, and throughout the country there is evidence of a coming prosperity greater than we have ever enjoyed. Upon this record the Republican party asks for the continued confidence and support of the people, and this convention submits for their approval the following statements of the principles and purposes which will continue to guide and inspire its efforts:

ENUMERATION OF PRINCIPLES.

First. We affirm that the work of the last twenty-one years has been such as to commend itself to the favor of the nation, and that the fruits of the costly victories which we have achieved through immense difficulties should be preserved. That the peace regained should be cherished. That the dissevered Union, now happily restored, should be perpetuated, and that the liberties secured to this generation should be transmitted unimpaired to future generations. That the credit established and the credit acquired should never be imperilled. That the pensions promised should be paid. That the debt so much reduced should be extinguished by the full payment of every dollar thereof. That the reviving industries should be further promoted, and that the commerce already so great should be steadily encouraged.

Second. The Constitution of the United States is the supreme law, and not a mere compact. Out of the confederated States it made a sovereign nation. Some powers are denied to the nation, while others are retained by the States; but the boundary between the powers delegated and those reserved is to be determined by national and not by State tribunals.

Third. The work of popular education is one left to the care of the several States, but it is the duty of the national government to aid that work to the extent of its constitutional ability. The intelligence of the nation is but the aggregate of the intelligence in the several States, and the destiny of the nation must be guided, not by the genius of any one State, but by the average genius of all.

NON-SECTARIAN SCHOOLS.

Fourth. The constitution wisely forbids Congress to make any laws respecting an establishment of religion, but it is idle to hope that the nation can be protected against the influence of sectarianism while each State is exposed to its particular domination. We therefore recommend that the constitution be so amended as to lay some prohibition upon the Legislature of each State, and to forbid the appropriation of public funds to the support of sectarian schools.

Fifth. We reaffirm the belief avowed in 1876, that the duties levied for the purpose of revenue should be so discriminate as to favor American labor. That no further grant of the public domain should be made to any railroad or other corporation. That slavery having perished in the States, its twin barbarity, polygamy, must die in the Territories. That everywhere the protection accorded to a citizen of American birth must be secured to citizens of American adoption. That it is the duty of Congress to develop and improve our water-courses and harbors, but we insist that further subsidies to private persons or corporations must cease. That the obligations to the men who preserved its integrity in the day of battle are undiminished by the lapse of fifteen years since their final victory. Their perpetual honor is and shall forever be the grateful privilege and the sacred duty of the American people.

THE CHINESE PLANK

Sixth. Since the authority to regulate immigration and intercourse between the United States and foreign nations rests with the Congress of the United States and the treaty-making powers, that the Republican party, regarding the unrestricted immigration of the Chinese a matter of grave concernment and under the exercise of both these powers would limit and restrict that immigration by the enactment of such just, humane and reasonable laws and treaties as will produce that result.

Seventh. That the purity and patriotism which characterized the earlier career of Rutherford B. Hayes in peace and war, and which guided the thought of his immediate predecessor to him for a Presidential candidate, have continued to inspire him in his career as chief executive, and that history will accord to his administration the honors which are due to an efficient, just and courageous fulfillment of the public business, and will honor his interposition between the people and proposed partisan laws.

INIQUITIES OF THE DEMOCRACY.

Eighth. We charge upon the Democratic party the habitual sacrifice of justice and patriotism to the supreme and insatiable lust for office and patronage; that to obtain possession of the national and state governments and the control of place and position, they have obstructed all the efforts to preserve the purity and conserve the freedom of suffrage; have devised fraudulent certificates and returns; have labored to unseat lawfully elected members of Congress, to secure at all hazards the vote of the majority of States in the House of Representatives; have endeavored to occupy by force and fraud places of trust given to others by the people of Maine, and defied the will of the people of Florida; have perfected by the courage and action of Maine's patriotic sons; have by methods vicious in principal and tyrannical in practice, attached partisan legislation to appropriation bills; have crushed the rights of individuals, and vindicated the principles and sought the favor of rebellion against the nation, and have endeavored to obliterate the sacred memories of the war and to overcome its inestimable good results—freedom and individual equality. We affirm it to be the duty and purpose of the Republican party to use all the legitimate means of this Union to secure the perfect harmony which may be practicable, and we submit to the practical, sensible people of the United State to say whether it would not be dangerous to the best interests of our country at this time to surrender the administration of the national government to a party which seeks to overthrow the existing policy under which we are so prosperous, and thus bring destruction and confusion where there is now order, confidence and hope.

REPUBLICAN STATE PLATFORM.

RESOLVED, That the platform of principles adopted by the National Republican Convention, at Chicago June last, deserves and received the approval and hearty indorsement of all the Republicans of Nevada.

RESOLVED, That the hordes of Chinese that are coming in upon our shores to eat out our substance are destroying our country, impoverishing our mines, mining and laborers, debauching our youth, and making both men and women lower in the scale of humanity. This evil must and shall be stopped, and to this end we pledge the entire strength of the Republican party.

In the language of our great leader, we regard the immigration of Asiatics to the United States as little less than a servile invasion. Should the Commissioners now in negotiation with the Chinese Government fail to secure by the first of next January such modification of the Burlingame Treaty as will practically put an end to the influx of Chinese to this country, we demand that the treaty be promptly annulled, and such laws enacted as will relieve us at once and forever of the Asiatic scourge now menacing the well-being of the Republic.

RESOLVED, That we most heartily indorse the general financial policy of the Republican party, which, in spite of every opposition on the part of the Democracy, has led to the resumption of specie payments, the raising of our national credit to a height never before known, and to the restoration of a national prosperity. But we also demand the complete restoration of silver coin to its former position by the side of gold; and for the purpose of attaining that end we hold it to be the duty of the General Government, through the authorization of Congress, to coin into standard dollars or other legal tender currency, as the cost of coinage, and for the benefit of the producer, the entire silver product of the country, relieving the mining interests from the loss attending the shipment and sale of silver bullion in foreign markets.

As mining for the precious metals is the leading industry of Nevada, we are inflexibly opposed to the bill reported by the Committee on Mines and Mining, and now before the House of Representatives, prohibiting the following of fissure veins or deposits beyond the vertical lines of surface boundaries; and we urge our Representatives in both Houses of Congress to continue their efforts for its defeat. Such a restriction would work disaster to the labors of the prospector, and seriously retard the development of the mineral riches of the West, and we cordially indorse the action of our Representative, the Hon. R. M. Daggett, in this behalf.

RESOLVED, That the Republican party aims it to be the right and duty of State and Territorial Legislatures to regulate and restrict the charges of railroads exclusively within their respective boundaries, and that it is no less the constitutional right than the positive duty of Congress to regulate the tariffs and restrict the charges of inter-State railroads.

RESOLVED, That while we congratulate the country on the successful resumption of specie payments, and the splendid financial condition of the Republic, we are in favor of restricting the issuance of National and State legal tender notes, to denominations of not less than five dollars, thus creating an increased home demand, as a circulating medium, for the precious metals which our mines are annually yielding.

RESOLVED, That Gen. James A. Garfield and Chester A. Arthur, by their services to the country, by their devotion to principle, and by their unspotted reputation as men and as citizens, are deserving of the united and earnest support of all the loyal people of the United States for President and Vice President thereof. We rejoice in their nomination, and we pledge to them the electoral vote of Nevada at the ensuing election, by an overwhelming majority.

REPUBLICAN COUNTY PLATFORM.

RESOLVED, That we most heartily endorse the principles as enunciated by the National and State Republican Platforms.

RESOLVED, That we recognize in James A. Garfield and Chester A. Arthur, the Republican nominees for President and Vice President, pre-eminent worth and ability. Their past record, patriotism and services give assurance of their fitness for the positions to which they have been nominated, and that they should and will have our earnest and united support.

RESOLVED, That in R. M. Daggett the Republican party has given to the people of Nevada an able and industrious Representative, and in Wm. H. Beatty an honest and fearless Judge, and we will endeavor by united work to insure their re-election.

RESOLVED, That the Republican party ever has encouraged and supported free and intelligent labor, and ever will endeavor to restrain the unrestricted immigration of Chinese to our shores, and to promote the happiness and well-being of the laboring classes of this nation, and fully recognize the self-evident fact that our national growth, grandeur and prosperity are the results of free labor.

RESOLVED, That the principles of our government can only be upheld and perpetuated by a full, free and fair ballot, and that to secure and protect the right of suffrage to every citizen it is our duty to discountenance and condemn any violation of, or attempt at interference with this sacred right, and that every lawful measure should be invoked to secure this right to every citizen.

RESOLVED, That in view of the fact that the Republican party has ever been true to its trusts in the past, our national prosperity and welfare demand a continuation of its rule.

RESOLVED, That it is the first duty of every Republican to give his support only to men whom we are assured will guard and protect the interests of the people, and advance and promote the educational interests, and manufacturing, agricultural, mining and other industrial pursuits of our people.

RESOLVED, That the Republicans of Washoe County favor a change in the office of United States Senator, and that our Representatives and Senators be instructed to vote as a unit on all Senatorial questions, and endeavor to secure the election of a man whose home is in Nevada.

RESOLVED, That we pledge the Republican party to use every effort to reduce the expenses of our State government, and that we are opposed to the repeal of the County Salary Bill.

RESOLVED, That we are opposed to the so-called Drummer's License Law, and would recommend its repeal or the reduction of the license to five dollars per month.

RESOLVED, That the Republican party of Washoe County extends a cordial invitation to capitalists to come here and build quartz mills, open mines, run irrigating ditches and lay railroads, and we promise equal and exact justice and fair dealings to all.

DEMOCRATIC COUNTY PLATFORM.

The Democracy of Washoe county in convention assembled declare as follows:

That we, the Democracy of Washoe county, endorse and reaffirm the principles enunciated in the platform of the National Convention at Cincinnati, in June last, and also our State Convention at Winnemucca, and heartily approve the lines of government there marked out.

Resolved, That we recognize in our candidate for Congress, the Hon. W. Cassidy, an able statesman and tried gentleman, one who, as Senator in our councils has always fearlessly maintained our principles and labored for the best interests of our State, and we pledge that if elected, among his first legislative acts shall be to introduce such a measure as will make completely operative and effective the plank of the National Platform which demands the prohibition of Chinese immigration, and that we invite to the support of our candidates every voter, of whatever political creed, who sincerely desires that our laboring classes may be forever relieved of the curse of coolie competition, and cite to them the fact that relief can only come from a Democratic Congress, and a Democratic President.

Resolved, That in the person of Judge C. H. Belknap we have an eminent jurist, one that is tried and true, and we point with pride to his past record.

Resolved, That the Democratic party has always maintained that none but residents of Nevada should represent her in the National council, and we deprecate the practice inaugurated by Jones and followed by Sharon, of corrupting, by the free use of money, the elective franchise of a free people, and we call upon all Democrats and honest Republicans to come boldly forward and assist in wiping out this stain upon the fair name of our young and growing State.

SPINNEY will guarantee to forfeit $500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free. Thorough examination and advice $5.
